## NEW TOOL OVERVIEW XSH04RB

### LXT SUB-COMPACT BRUSHLESS

## FEATURES

- Powerful Makita built electronically controlled BL™ Motor delivers 5,000 RPM for faster cutting and ripping
- The BL™ Brushless Motor eliminates carbon brushes, enabling the BL™ Motor to run cooler and more efficiently for longer life
- Large cutting capacity (2-1/4" at 90°) and bevel capacity (0°- 50°)
- Automatic Speed Change™ technology adjusts cutting speed and torque during cut for optimum performance
- Electric brake for maximum productivity
- Aluminum base and magnesium blade cover provide a lightweight, durable design
- Extreme Protection Technology (XPT™) is engineered for improved dust and water resistance for operation in harsh conditions
- Rubberized soft grip handle provides increased comfort on the job
- 3-stage L.E.D. gauge indicates battery charge level
- Built-in dust blower cleans the line of cut for operator accuracy
