- 24/7 Attentive Service

### 18000 Lbs Loading Capacity

This powerful DC motor is specially designed to match any efficient 3-stage planetary gear train, delivering fast, quiet, and reliable pull/ lift power of 18000lbs, which is tough and capable enough to tackle any problem.

### Powerful Motor & Gear

With powerful motor: 5.3 KW, gear reduction ratio 386:1, 3 stage planetary with auto in drum braking, the electric winch features 18000 lbs loading capacity.

### Control System

The efficient motor delivers fast, quiet, and reliable power of 18000 lbs, and the excellent clutch brake system provide unmatched stability and control.

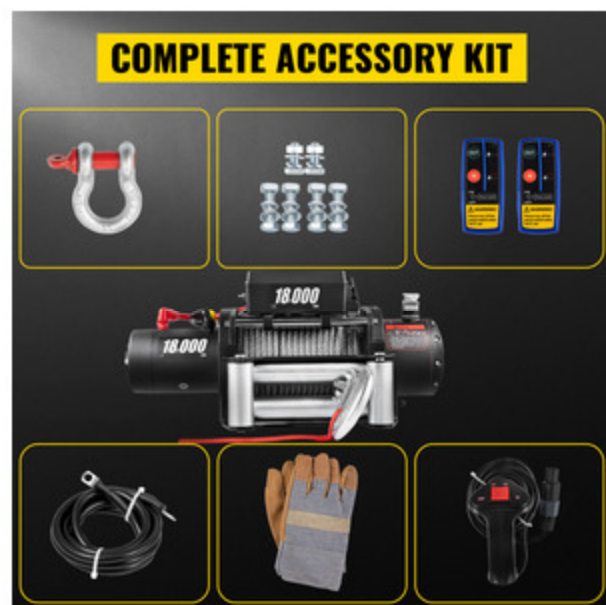

### High Tensile Steel Cable

The truck winch is equipped with a strong 75ft steel cable of high tensile strength and needs little maintenance, is stronger enough to bear more pressure, reliable and durable.

### Convenient Remote Control

You can operate the ATV winch even at a long distance with the wireless remote control. Or you can turn to the handlebar-mounted rocker switch as you like.

### Complete Accessory Kit

All power winches come with a thoughtful accessory kit, including a set of wireless remote tools, cable steel, hook, and roller fairlead, ensuring excellent working performance.
