# Picket Railing

Handsome and substantial, picket railing honors tradition with this updated aluminum presentation.

1" square pickets promise security and curb appeal.

Picket railing kits are powder-coated in beautiful, long-lasting colors to enrich and protect your home or business.

Picket railing kits and posts are available in residential or commercial height.

Picket railing kits contain all components to assemble 72" or 95.25" railing width.

Kits install between existing posts or with matching purchased posts, sold separately.

For interior or exterior use.

For residential & commercial use.

International Building Code Compliant.

Custom Posts Available.

# How to order

By following these instructions, you'll be guaranteed to have a beautiful and functional deck and stairs in no time.

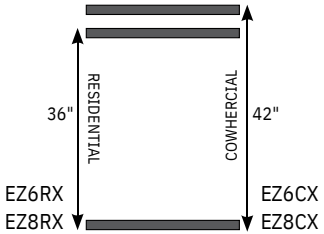

## 1 Choose your color.

Replace X with Color Code

| White | Charcoal Bronze | Clay | Hammered Black |
|---|---|---|---|
| W | BZ | DT | HB |

## 2 Choose your installed height of your railing.

(Check with your local building code for specific requirements)

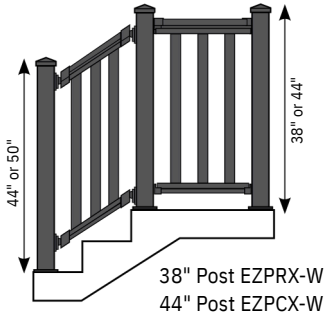

## 3 Do you need Posts?

(Base covers sold separately)

## 4 Choose your post height.

- 38" posts for 36" railing level railing
- 44" posts for 42" railing level railing
- 44" post for 36" stairs run
- 50" post for 42" Stair run

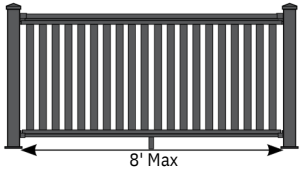

38" Post EZPRX-W
44" Post EZPCX-W
50" Post EZP50X-W

**72" and 95.25" posts available also!**

## 5 Figure your post count.

8 feet max. between posts
(Check with your local building code for specific requirements)

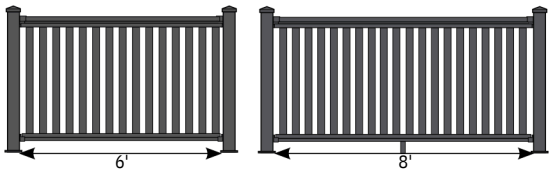

## 6 Would you like base covers to cover the post fasteners and create a finished look?

Low-Profile
EZBCX-LP

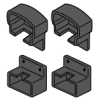

## 7 Do you need 6' or 8' railing sections?

EZ6RX EZ8RX — *(Check with your local building code or specific requirements.)* — EZ6CX EZ8CX

## 8 Are you cutting a 6' or 8' railing section down to create multiple smaller sections?

You will need to order 1 additional level bracket kit per smaller section.

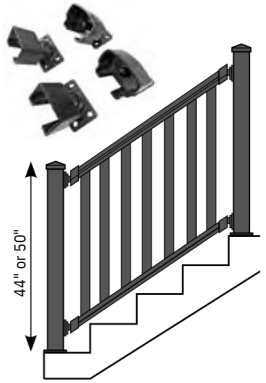

EZTBPM2X

## 9 Do you have stairs?

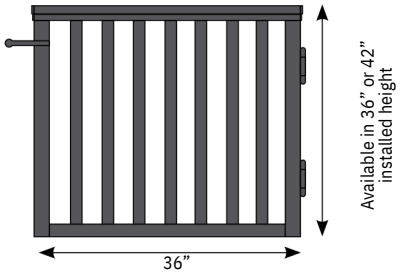

- Use taller posts for stairs and longer railing sections to cover the slope.
- You will need 1 straight railing kit and 1 pivot bracket kit per stair section.

EZPMX

## 10 Do you need a gate?

Our gates are 36" wide. We offer both heights 36" & 42" installed height. Compatible with self-closing hinges and latches, sold separately.

**Rough opening should be 1" greater than gate.**

# Glass Railing

Glass railing exquisitely enhances traditional or modern exteriors or interiors. Classic glass baluster or full glass panel railing is as beautiful as your home and your view. *(Please check national and local code requirements prior to purchasing.)*

Glass baluster kits feature 8" wide glass balusters and are available in 6' or 8' widths. Kits contain all components necessary for a level installation between posts.

Solid glass panel kits contain aluminum rails and mounting brackets. (No glass is contained in this kit. Customer sources glass separately. Please check national and local code requirements prior to purchasing.)

Posts sold separately.

Low-maintenance, powder-coated aluminum.

For interior or exterior use.
