

CHANDELIER Instruction Manual

Please read carefully and save these instructions, as you may need them at a later date.

SAFETY

WARNING: BE SURE THE ELECTRICITY TO THE WIRES YOU ARE WORKING ON IS SHUT OFF; EITHER THE FUSE IS REMOVED OR THE CIRCUIT BREAKER IS TURNED OFF. TURNING THE POWER OFF USING THE LIGHT SWITCH IS NOT SUFFICIENT TO PREVENT ELECTRICAL SHOCK.

NOTE: The important safeguards and instructions appearing in this manual are not meant to cover all possible conditions or situations that may occur. It must be understood that common sense, caution, and care, are factors which cannot be built into any product. These factors must be supplied by the person(s) installing this unit.

READ & SAVE THESE INSTRUCTIONS

CAUTION: Before assembling the lighting fixture, refer to the section titled Wiring Connections. If you feel you do not have enough electrical wiring experience, either refer to a do-it-yourself wiring handbook or have your lighting fixture installed by a qualified, licensed electrician.

UNPACK THE PACKAGE

Check the contents to be sure everything is included

Tools Needed: Slotted screwdriver, Adjustable wrench, Step ladder, Wire cutters, wiring supplies as required by electrical code.

INSTALLATION & OPERATION INSTRUCTIONS GENERAL

Before starting the installation, disconnect the power by turning off the circuit breaker or by removing the appropriate fuse at the fuse box. Turning the power off using the light switch is not sufficient to prevent electrical shock.

All electrical connections must be in accordance with local and National Electrical Code (NEC) standards. If you are unfamiliar with proper electrical wiring connections, obtain the services of a qualified electrician.

Remove the fixture and the mounting packages from the box and make sure that no parts are missing by referencing the illustrations on the installation instructions.

Be sure to read these installation instructions and review the diagrams thoroughly before installation.

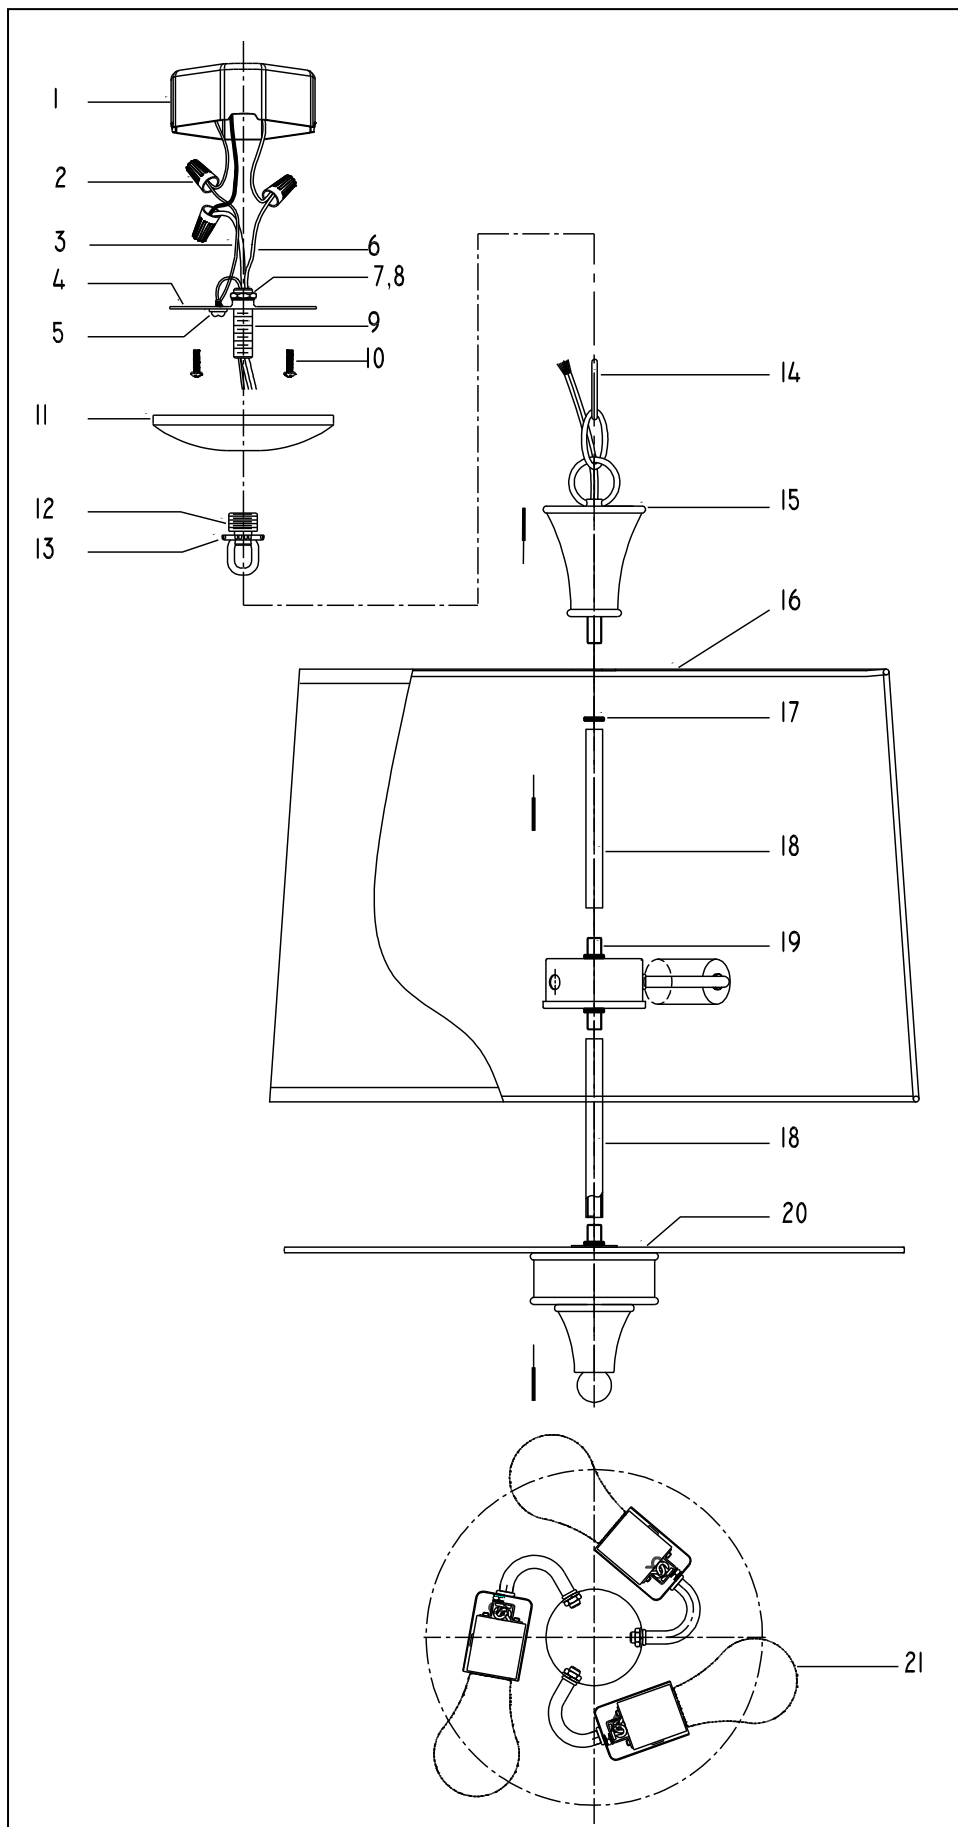

Assembly and Installation

1. Install the decorative cup (15), ring (17), and threaded tube (18) onto the fabric shade (16) according to the illustration. Install the lamp holder kit (19) onto the thread tube (18), then install the bulb (21). Install the other threaded tube (18) and acryl plate (20) according to the illustration.
2. Connect the chain (14), ring (13) and hanging loop (12) together. Thread cable (6) and ground wire (3) through the chain (14), ring (13), hanging loop (12), canopy (11) and threaded tube (9) into junction box.
3. Spin the threaded tube (9) into the hanging loop (12).
4. **Make sure all the electrical is power off**, and then attach the mounting plate (4) to the junction box (1) by the provided machine screws (10).
5. Wrap the ground wire (3) under the ground screw (5) which is marked “GND”, and tighten the ground screw (5) to make sure the ground wire (3) is securely connected to the mounting plate. Connect black/smooth fixture wire to black supply wire and white/ribbed fixture wire to the white supply wire using wire connectors (2) provided. Connect the fixture ground wire and the house ground wire. Place wiring back in the junction box.
6. Place the canopy (11) to cover the thread tube (9) and fasten by hanging loop (12) & ring (13).
Note: You can adjust the length of threaded tube by screwing/unscrewing it into/from the mounting plate. Use hex nut (7) to secure it.

ELECTRICAL CONNECTIONS

Required Supply Circuit: 120V, 60Hz

Connect the white wire(s) from the fixture to the white wire of the supply circuit. Connect the black wire(s) from the fixture to the black wire of the supply circuit. Connect the green or bare copper wire to the ground wire of the supply circuit. Use UL/CSA listed wire connectors suitable for the size type, and number of conductors. No loose strands or loose wires should be present. Secure wire connectors with UL/CSA listed electrical tape.

1. Junction box
2. Wire connector
3. Ground wire
4. Mounting plate
5. Ground screw
6. Cable
7. Hex nut
8. Tooth washer
9. Threaded tube
10. Machine screw
11. Canopy
12. Hanging loop
13. Ring
14. Chain
15. Decorative cap
16. Fabric shade
17. Ring
18. Threaded tube
19. Lamp holder kit
20. Acryl plate
21. Bulb
