

3 Watt LED Gooseneck Desk Lamp NHGS

THE BEST TECHNOLOGY

All of Newhouse Lighting's products feature the latest and most advanced LED technology. Our lamps are easy on the eyes, and provide a crisp, fade free light.

HUGE ENERGY SAVINGS

LED lamps use only 25% of the energy that a comparable incandescent or halogen lamp requires. While also lasting 10 times longer! Start saving money today and switch to LED.

THE LATEST STYLES

Newhouse's team of designers is constantly working to stay on trend and offer our customers the latest design fused with the best technology.

- The highest quality LEDs provide efficient non-flickering light for stress free productivity and enjoyment
- 3-step touch control dimming
- Soft touch gooseneck allows countless positions and the perfect light application every time
- 300 lumens, 3,000k Bright Warm color light, Super Energy Efficient
- Super long life LED module never needs to be replaced

Make a statement with Newhouse's fashionable Gooseneck LED Desk Lamp. With 3 Watts (300 lm) of bright but warm light, this lamp fits right in at the office, home or dorm room. 3 Levels of dimming allow you to set the light to your preferred brightness for any task. Newhouse Lighting uses the latest technology and highest quality LED bulbs to provide clean comfortable light that is easy on the eyes. Allowing you to work all day or night, stress free. Enjoy all of these benefits while knowing that you are saving energy by choosing this lamp over dated halogen and incandescent lamps.

Make the switch to LED today.

Make mother nature proud.
