Caution : You must read this before you proceed

SOFA

Parts List

Label	Picture	Description	QTY
A		Backrest	1
B		Left Armrest	1
C		Right Armrest	1
D		Seat	1
E		Seat Cushion	3
F		Sofa Leg	5

Hardware

Label	Picture	Description	QTY
①		Bolt (M8*70 MM)	4
②		Washer	4
③		Gasket	7
④		Allen Key	1
⑤		Spring Washer	4

Assembly Preparation

Before Beginning Assembly:

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

Assembly Steps

Overview

This Sofa has multiple parts and may require up to 60 minutes to assemble. To give you an overview of the Sofa, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

NOTE: It is recommended that you have an adult partner to assist during the entire assembly process.

Step 1

Open the carton and place all the parts on a clean, non-marring surface.

With the assistance from your partner, slide the Tapered Connectors on the Seat(D) into the Tapered Connectors on the Left Armrest(B) as shown in the picture.

Repeat the same process with the Right Armrest(C).

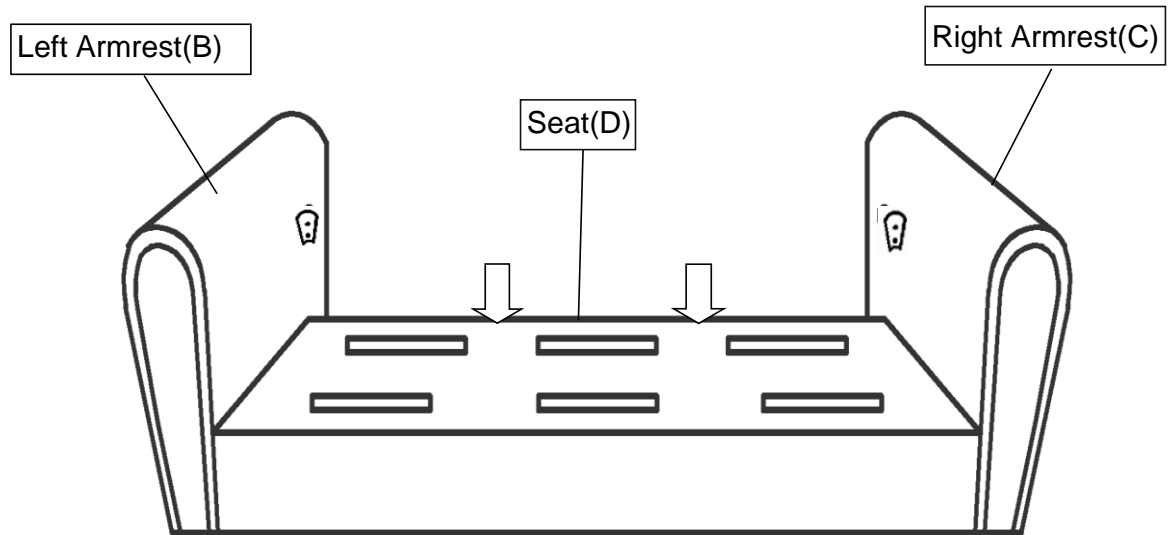

Note: Make sure the Tapered Connectors on Left Armrest(B) and Right Armrest(C) lock into the Tapered Connectors on the Seat(D).

Assistance from an adult partner is needed for this assembly process.

During this assembly process - do exercise caution. You may need to use your hand to press down and or pave away the padded surface to facilitate the 'slip and slide' assembly.

Caution : Do exercise Caution to ensure that your fingers do not get caught or pinched in the assembly process.

Step 2

Push the Seat(D) downwards until it is fully slotted and locked into position in the Armrests.
Fully locked position : Check and assess that the base of the Armrests(B&C) and Seat(D) are aligned and level.

Assistance from an adult partner is needed for this assembly process.

Step 3

With the assistance from your partner.

3.1) Lift the Backrest(A) up, make sure the Backrest(A) is vertical and aligned to the Seat and Armrests from Step 2.

Align the Tapered Connectors on the Backrest(A) with those on the Left Armrest(B) and Right Armrest(C).

Your adult partner may need to push the Armrests inwards to the Backrest(A) to allow for better alignment.

Slip and Slide the Backrest, in a gradual and in a balanced manner into the Tapered Connectors

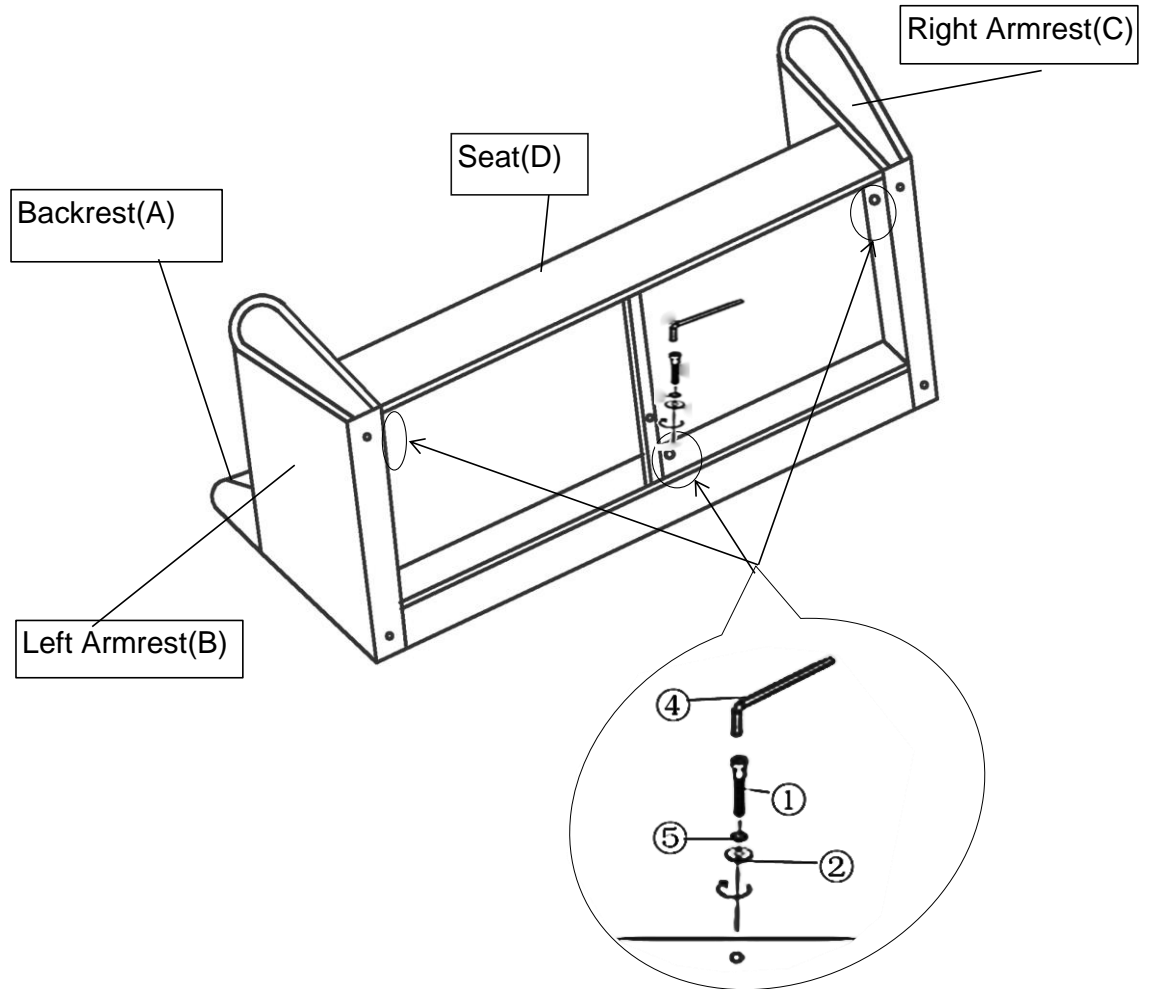

3.2) Push the Backrest(A) downwards until it is fully slotted and locked into position.

Note: Make sure the Tapered Connectors on the Backrest(A) lock into the Tapered Connectors on Left Armrest(B) and Right Armrest(C).

Fully locked position :Check and assess that the base of the Armrests(B&C) and Seat(D) are aligned and level.

Assistance from an adult partner is needed for this assembly process.

Step 4

Tilt and lay the Sofa on its Backrest(A) onto a flat surface.

Attach Seat(D) to Backrest(A) using Bolts(①), Spring Washers(⑤), and Washers(②) with Allen Key(④) as pictured above firstly.

Then, attach Seat(D) to Left Armrest(B) and Right Armrest(C) using Bolts(①), Spring Washers(⑤), and Washers(②) with Allen Key(④).

DO NOT fully tighten a BOLT in one go and then move on to the next.

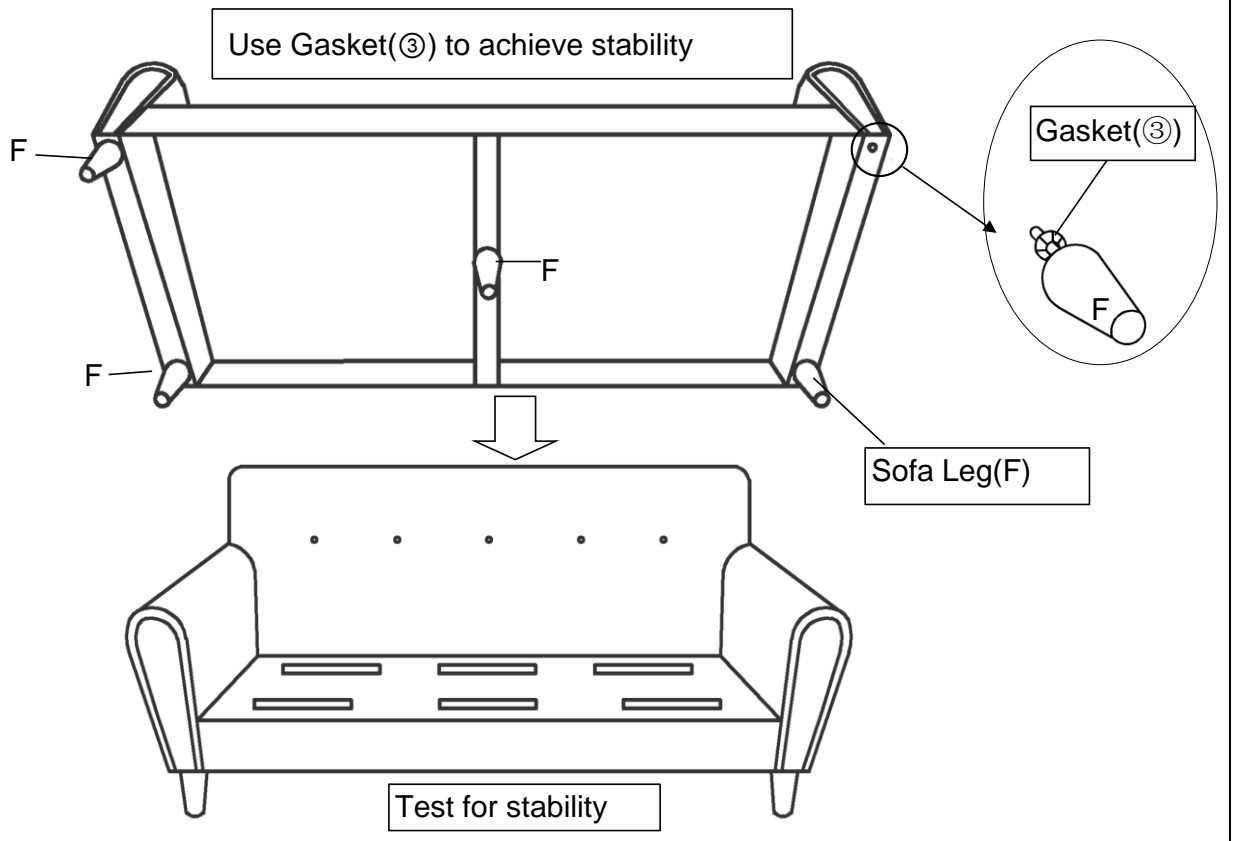

Rather, In a sequential manner, gradually tighten each Bolt until all bolts are evenly secured.

This methodology will ensure maximum evenness once all Bolts are fully tightened.

Assistance from an adult partner is needed for this assembly process.

Caution:If you can not insert the bolt through the position and threaded in, please back to Step 3 to "push Backrest downwards".

Step 5

Install the Sofa Leg(F) at the base of the Sofa by placing one Gasket(3) on the threaded stem. Then insert threaded stem into the threaded mounting position at the corner of the Sofa. Tighten by turning the Leg clockwise.

Repeat the same step to install the remaining four Legs.

Caution: Ensure your fingers do not get caught or pinched.

Note: The use of Gaskets are OPTIONAL and are especially useful to help alleviate slight wobbles. Some Legs may need more than one whilst some legs may not need any.

Step 6

Place the Seat Cushions(E) onto the Sofa.

Your Sofa is ready for use.

This Sofa can only be used on a flat, level surface.

Care & Maintenance

-  Do not put hot items directly on furniture surface
 -  Do not clean furniture with harsh cleansers or polish.
 -  Do not place furniture under direct sunlight.
 -  Do not place furniture near heating or cooling vents.
 -  Do not write on furniture without a padded barrier to protect the surface.
 -  Do not place furniture outside . For indoor use only .
 -  Not for commercial use. For residential use only .
 -  Stains may be removed with mild soap solution and damp cloth.
 -  Children should not climb or jump on the furniture.
-
-   Dust and pick-up spills using a clean, non-colored, lint-free cloth .

Questions & Answers about Proposition 65

• What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

• What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

• What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

• Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
