The 26 kW home
generator

Reliable home standby power.

Introducing the KOHLER® 26 kW home generator. The quietest, most powerful generator on the market offers reliable performance to power your home and daily life.

Ultra quiet*

Exercises at the volume of a conversation [56dB(A) Exercise]. Perfect for areas with stringent sound requirements. No air-cooled generator is quieter.

Exceptionally durable

The 26RCA includes a commercial engine with oil level and oil pressure sensors to protect your engine if your generator needs to be left unattended during extended power outages.

Highest power density

Powers more amps in your home. No air-cooled generator is more powerful.

PowerBoost™ technology

Exclusive PowerBoost technology handles demanding starting loads in the home without sacrificing power delivery to standard circuits.
