Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at support@livelyroot.com. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) 

Ivy

Hedera species

Plants within the Hedera genus are commonly referred to as ivy and include common varieties such as English Ivy and Irish Ivy.

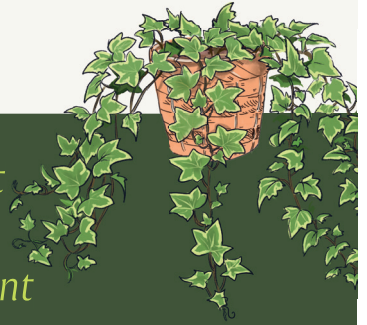

Indoor plant

65°–75°

Outdoor plant

65°–85°

✓ Success Tips

Plants in the Hedera genus can be grown indoors or outdoors and are a great addition to any area of your home.

Hedera plants like to be kept on the drier side and should only be watered when soil is dry to the touch.

A natural climber - it can be trained along walls, doorframes or bookcases and works well as a hanging plant. In warmer climates, you can use this ivy as a hardy, creeping ground cover.

☼ Care

Very easy to care for and perfect for beginners.

☀ Light

This plant loves low to medium indirect light.

💧 Water

Weekly or less. Allow the soil to dry out completely between waterings.

🐱 Pets

Toxic to dogs and cats.

Impress your friends with this cool fact

English Ivy is able to climb because of aerial rootlets with matted pads that let it attach to most surfaces.
