

GE® ENERGY STAR® 30" Free-Standing Electric Range

Receptacle Locations: Locally approved flexible service cord or conduit must be used because terminals are not accessible after range installation. See shaded area in drawing for location of electrical outlet box. Recommended outlet locations allow range to be installed directly against wall.

Installation Information: Before installing, consult installation instructions for current dimensional data and additional requirements.

KW Rating	
240V	11.7
208V	8.8
Breaker Size	
240V	40 Amps [†]
208V	40 Amps [†]

A diagram of a 30-foot long wall. A dashed line labeled "CENTER LINE" runs through the middle of the wall. The wall is divided into sections with the following dimensions from left to right: 3", 9", 3", 4", 8", and 3". The total length is 30". The wall has a height of 7-1/2' and a thickness of 2-1/4'. A section on the right is labeled "REAR WALL".

For answers to your Monogram, Café™, GE Profile™ or GE Appliances product questions, visit our website at geappliances.com or call GE Answer Center® Service, 800.626.2000.

All GE Appliances ranges are equipped with an Anti-Tip device. The installation of this device is an important, required step in the installation of the range.

Specification Revised 9/24

JB256DM/RT

GE® ENERGY STAR® 30" Free-Standing Electric Range

Features and Benefits

5.0 cu. ft. oven capacity - Enough room to cook an entire meal at once.

Self-clean oven - Cleans the oven cavity without the need for scrubbing.

Sensi-Temp Technology - Enjoy the same cooking power as a traditional coil with an added safety feature that meets new UL858 Household Electric Ranges Standard for Safety.

Dual-element Bake - Store cookware or kitchen accessories.

Removable full-width storage drawer - This model features a removable oven storage drawer that offers the perfect place to store cookware and other kitchen accessories.

Sabbath Mode

Model JB256DMBB – Black

Model JB256DMWW – White
