

# How to Hang a Beer Cap Map

Hanging your new beer cap map is quick and simple using the predrilled holes! All you need is a hammer & finishing nails.

## FOR WOOD OR DRYWALL:

- Position your beer cap map on the wall in your desired location.
- Use a pencil to make a mark through the included nail holes.
- With a hammer, tap in finishing nails through the marked locations, leaving  $\frac{1}{4}$  inch protruding.
- Place your beer cap map over the ends of the finishing nails.

## FOR BRICK OR CONCRETE:

- Position your beer cap map on the wall in your desired location.
- Use a pencil to make a mark through the included nail holes.
- Drill a pilot hole and insert a plastic anchor into the hole.
- With a hammer, tap finishing nails into the anchors, leaving  $\frac{1}{4}$  inch protruding.
- Place your beer cap map over the ends of the finishing nails.
