Superb design agility

Evergreen is influenced by the visual density of temporal forest woodlands. Its patterned layers adapt extremely well to a range of backgrounds, from greenery to wood or painted surfaces, and even stone. Enduring and appealing, the 70% privacy rating gives Evergreen superb adaptability for patio or extended backyard designs.

Uses: Decorative wall features, wall cladding, planter boxes, yard fences, utility & bin enclosures, fence extensions, privacy screens, and more

Installation Notes:

- DESIGN-VU is not a freestanding structural product. Panels must be mounted on a frame or to an existing flat surface or structure, with fasteners every 12"-18" on all 4 sides.
- Allow 1/4" space between panels for weather-related expansion when attaching to frame and drilling screw holes.
- Find easy installation instructions at design-vu.com or by clicking the **Instructions link** on this product page.
- **Install DESIGN-VU Panels according to instructions or the warranty will be void.**

36" x 72" Panel Series

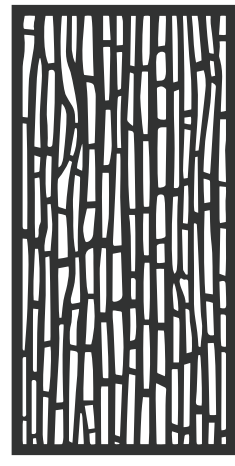

- Larger panels can be installed faster with less framing
- Panels are easily installed using standard woodworking tools and methods
- Typical project size: 12-24 panels
- **36" and 72" standard sizes** are ideal for: Decorative wall features, wall cladding, planter boxes, yard fences, utility & bin enclosures, fence extensions, privacy screens
