

ELECTRIC CAR JACK

5 TON MAX HEIGHT:450MM

12V DC 5T Automatic Car Jack & Electric Wrench

The 12V DC Automatic Electric Car Repair Tool Kit is made for emergency roadside tire change and repair. It is worthy due to its multifunction--car jack, LED light and air pump. Cross groove saddle prevent slipping from vehicle. self-locking power structure and safety unloading knob prevent jack from falling and will not come down immediately. LED helps you operate it in the dark

NOTE

- When operating, keep pressing the switch and don't loosen it; wait until the wrench has a popping vibration.
- Keep pressing until the flywheel in the wrench reaches a certain speed. There will be vibration only after centrifugation, and the screw will be knocked. Generally, when the screw is knocked 2 or 3 times, the screw will loosen.
- Jack Capacity: 5.0T/11023LB
- Lifting Height Range: 155MM-450MM
- One Button Operation
- 3 In 1 Function
- 340N.M Electric Wrench

STRONG PERFORMANCE

Strong Performance

Working Capacity can reach up to 5.0T(11023lb)as a jack. With 12V vehicle power outlet, low pressure rod, set for the sports car. Equipped with double motor driver inside, it works independently and effectively.

NON-SLIP CROSS RECESSED EJECTOR

Non-Slip Cross Recessed Ejector

This is solid and stable anti-slip ejector, free to adjust the height and starting height effortlessly, but also to stabilize the vehicle, ensure your safety and efficiency.

AUTOMATICALLY RAISE

One Button Operation

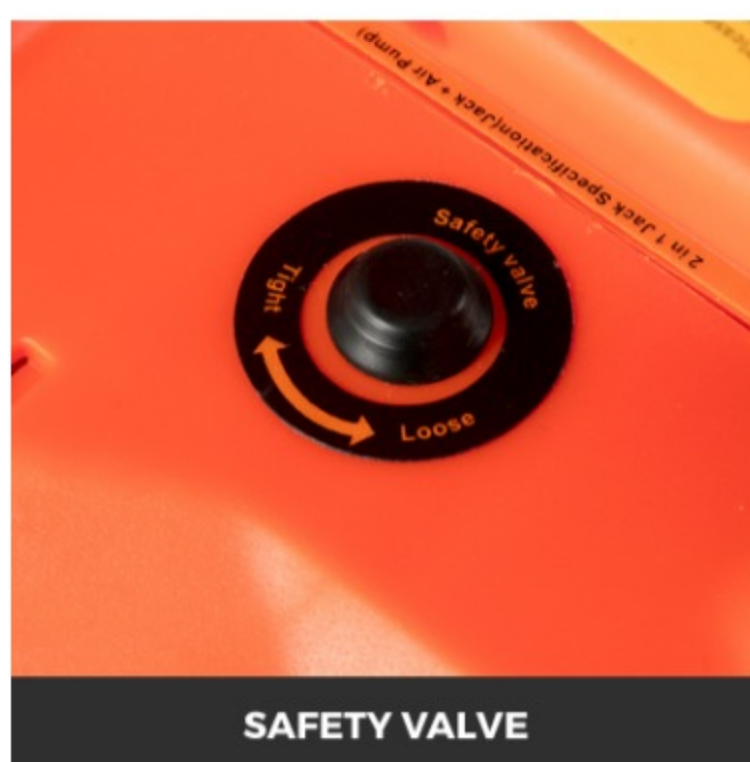

The panel is easy to understand and operate. With the simple button, the jack can automatically rise up and fall down, and the pressure gauge is convenient for viewing the inflation pressure.

MULTIFUNCTION

Multifunction

It is able to function as a car jack, an air pump and a LED flashlight. So it can meet multiple demands. Matching with the relevant complete small tools, safety hammer, gloves, BMC packing, engineering ABS shell.

SAFETY VALVE

Safety Valve

Emergency safety valve prevents the jack from falling even out of power and the jack will stop working automatically when reaching the height limit.
