# Fire Pit Assembly Instructions

## Your Package Includes:

- 1 - Fire Pit Bowl
- 1 - Fire Pit Ring
- 2 - Fire Pit Leg Assembly
- 9 - Nuts
- 1 - Bolt

1. Place ring on flat surface with threaded studs facing up.
2. Put leg assemblies together as shown.  
DO NOT TIGHTEN CENTER BOLT - leave loose.
3. Align and insert leg holes onto threaded studs. Add nuts, leave loose until they are in place then tighten them with wrench
4. Using screwdriver and wrench tighten center bolt & nut.
5. Turn assembly over, drop fire pit in ring.
6. Place Spark Screen or FireDome on top.
