

Battery-Operated Bohemian Rattan Hanging Light Installation

Guide

Tools & Items Needed

- 4 AA batteries
- Step ladder (if needed)
- Soft cloth

Step 1: Prepare the Light

1. Open the battery compartment at the base of the light fixture.
2. Insert 4 AA batteries following the positive (+) and negative (-) markings inside the compartment. Close the cover securely.

Step 2: Adjust the Hanging Height

1. Locate the adjustable hanging cord or chain.
2. Unclasp the hook or loop mechanism to extend or shorten the cord/chain to your desired length.
3. Reattach the hook securely once the height is set.

Step 3: Hang the Light

1. Select a sturdy hook, nail, or ceiling mount in your desired location (patio, porch, or indoor space).

2. Lift the light and attach its hook to the mounting point. Ensure it is firmly secured and level.

Step 4: Power On and Adjust

1. Use the control panel on the light to turn it on.
2. Adjust the brightness level and set the timer according to your preference.

Final Checks

- Gently tug on the light to confirm it is securely hung.
- Wipe the rattan lampshade with a soft cloth to remove any dust before use.
