

CARE INSTRUCTIONS

General Cleaning Instructions

- Make certain to read all instructions carefully: Recommendations suggested by Tripar as well as the care instructions identified by the various cleaning solutions.
- When using cleaning products always test a small surface area prior cleaning
- When cleaning products, always use a nonabrasive cloth or sponge.

Acrylic

Dust or gently vacuum with an attachment. Only use cleaner formulated for acrylic or wash in warm, clean water. Dry immediately.

Glass & Mirrors

Use glass or multi-surface cleaner. Wet surface and wipe clean.

Plated & Painted Metal Finishes

Dust with a dry cloth. If necessary, use a damp cloth and then dry thoroughly.

Wood

Dust regularly with a dry cloth. Dusting products not recommended.
