

Hello, MY NAME IS:

Thanks
FOR BRINGING
ME **home!**

SPRUCE ME UP! I've been in a dark box traveling. Here are **quick tips** to get me settled:

- **Remove** yellow leaves or broked stems.
- If my soil is dry, give me a **drink of water**.
- Set me in the **right light**.

WATCH ME GROW! Keep this card for your records.
Care instructions are on the reverse side.

MY BIRTHDAY

HERE'S HOW TO TAKE CARE OF ME

Xanthosoma

LIGHT LEVEL: INDIRECT SUNLIGHT

This plant needs to live in a room with at least some natural light. Place it on a table or countertop with windows nearby.

WATER LEVEL: THIRSTY

This plant can only go 1-2 weeks without water so check on it weekly and add water every time the top two inches of soil dry out.

QUICK TIPS:

This Xanthosoma can develop brown leaf tips and edges if the air is too dry. Boost the humidity around it by spritzing it if you see this happen.
