- 24/7 Attentive Service

Adjustable Gate Rollers

The nylon rollers can be modified to face upwards or downwards for different installation needs. It can also be horizontally adjusted to fix the position according to the different widths of your gates.

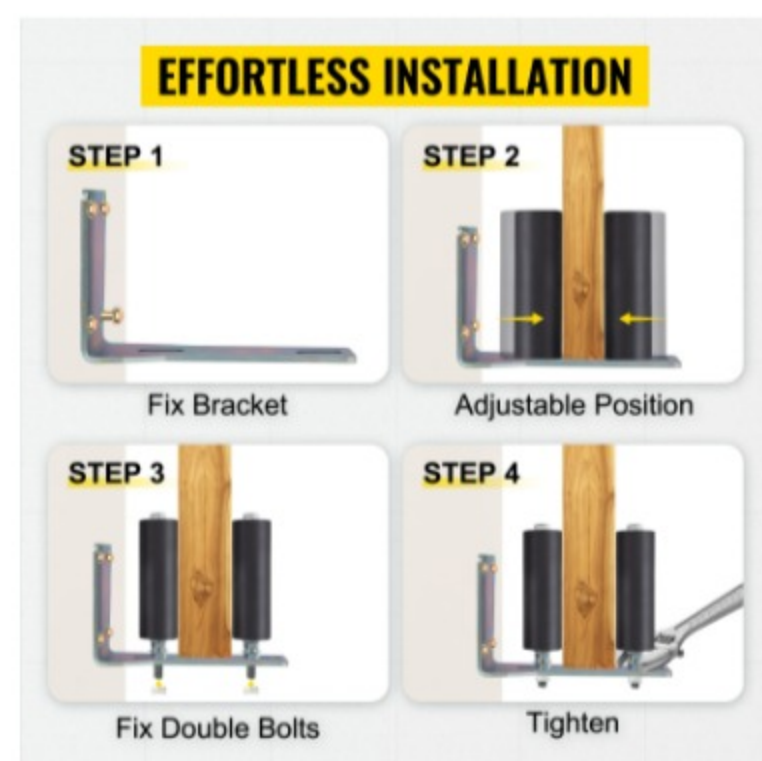

Durable Steel Bracket

Our gate roller bracket is composed of a highly durable steel plate and smooth nylon rollers. It is attached to the floor or wall with a smooth, quiet, space-saving fit.

Our Advantages

The color zinc finish gives our sliding rolling gate guide a smooth surface and increases durability, stopping worry about corrosion, even when exposed to the sun or rain.

Easy to Assemble

Installation is effortless. Fix the roller's position and then tighten the screw in the bottom of the floor guide so that the roller will be fixed in a workable place.

Full Set of Accessories

You can get 1 x L-shaped bracket, 2 x nylon rollers, 2 x M12 nuts, 4 x M17 bolts, and a wrench in the package for your fast assemble.

Extensive Use

Our sliding rolling gate guide is suitable for different scenarios, such as setup it up on the indoor grounds, on the walls, or under the windowsills or cabinet doors.
