Care Instructions

These real plants have been carefully preserved

DO NOT WATER

AVOID DIRECT SUNLIGHT

HANDLE WITH CARE

KEEP AWAY FROM MOISTURE

When cleaning preserved arrangements, it is recommended to utilize a gentle, low-pressure airflow of cool, dry air for optimal results.

Please note that variations in color, size, and shape are inherent due to their natural characteristics and the preservation process. Colors and sizes may differ slightly from what is shown in images. Additionally, please be aware that there might be some imperfections due to the natural product.
