GRANDERA

WELCOME HOME TO GROHE GRANDERA™

Home is less a place than a feeling. A feeling of familiarity, comfort and security. Somewhere you can recharge your batteries, rest and relax - a place of retreat. Somewhere everything is exactly as it should be. Every detail is just right. From the ceiling light to the floorboards. Nothing left to chance. Especially not in the bathroom, your own personal spa. Welcome home to GROHE Grandera™.

The GROHE Grandera™ collection combines circular and square shapes in an innovative design that is both elegant and powerful, timeless and modern - the "squircle". The result is unique faucets and showers that seem to defy the laws of geometry. Edges, arcs, lines, squares – all blend fluidly into each other to provide the perfect backdrop for water in all its beauty.

FOR PERFECTLY TAILORED SOLUTIONS

One of the guiding principles in the development of the Grandera™ collection was to afford complete freedom in planning and designing your bathroom. Our perfectly tailored solutions offer you everything you need to make your dream bathroom a reality.

WELCOME HOME TO TIMELESS ELEGANCE

Fluidity in design: the GROHE Grandera™ collection is all about fluid shapes and combines round and square elements harmoniously. Some might see this as a nod to modern architecture, but it's so much more. Grandera™ is a completely new design innovation that blurs the boundaries between simple, straight shapes and opulent, round shapes. From the trapezoidal base to the round outlet, Grandera™ breaks new ground and in this way yields a clean, new design that is pleasing yet powerful, and above all timelessly elegant.

Grandera™ is manufactured in Germany to guarantee extraordinary quality as well as the perfect aesthetic. The finishes are scratch-resistant and never lose their shine, even when subjected to heavy use and frequent cleaning. Regardless of whether you opt for chrome or brushed nickel, Grandera™ also features the proven GROHE SilkMove® technology for a lifetime of smooth and precise handling.

Our Grandera™ accessories feature the highest quality ceramic to blend in perfectly in every bathroom design.

RIGHT DOWN TO THE SMALLEST DETAIL

In addition to the perfectly shaped faucets and showers, GROHE Grandera™ also features a complete range of stylish accessories perfectly tailored to the collection.

WELCOME HOME TO THE WAY YOU ENVISION IT

GROHE Grandera™ offers all you need to make your bathroom everything you always envisioned. Regardless of whether your bathroom design centers on personal care, rejuvenation or relaxation. Why not add a Grandera™ hand shower or head shower for a whole new showering experience? GROHE DreamSpray® technology ensures an even flow of water at the perfect temperature through each and every nozzle, while using much less water. The GROHE EcoJoy™ feature not only helps you save water and conserve our natural resources, but also reduce your own energy consumption since less water needs to be heated.

COMPLETE FREEDOM

After a long, stressful day, there is nothing as relaxing as a soothing bath. For most people, a bath means pure relaxation and essential luxury. Baths provide both a personal spa experience and an eye-catching design. The floor-mounted, free-standing GROHE Grandera™ bath filler with hand shower is an innovative design you would expect from GROHE.

TIMELESS ELEGANCE

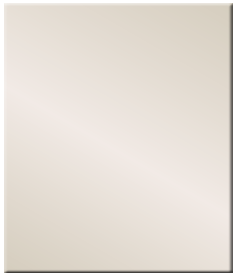

Chrome – 000

CHROME

Bright and precise – the Grandera™ collection in GROHE StarLight® chrome finish casts your bathroom in a very special light. And for a very, very long time. GROHE SilkMove® technology ensures ultimate ease of use.

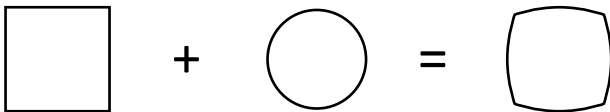

Brushed Nickel – EN0

BRUSHED NICKEL

Warm and worldly – the Grandera™ collection in brushed nickel finish marries a minimalist aesthetic and cosmopolitan design to produce faucets that keep their finish as on day one.

THE GROHE SQUIRCLE

Our design team developed a shape that reconciles seeming opposites in a completely new aesthetic. Design is much more than an aesthetic by-product for us at GROHE. Our passion is combining form and function to optimum effect.
