

pipe • malleables • nipples

LDR has what you need!

- Labels are color coded by size.
- Nipples and malleables are 100% UPC'd & SCC'd.
- Smaller pack quantities for larger turns.

- Product complies with ASTM A-53, A-733, A-197 and ANSI B1.20.1 for threading, dimensions, and pipe specifications.

- Galvanizing complies with ASTM A-153; zinc coated by hot dip process.

- Black nipples are protected with a varnish coating, prevents oxidation.

- Both galvanized and black nipples range from 1/8" to 4" in diameter and from Close to 12" in length.
