VEVOR is a leading brand that specializes in equipment and tools. Along with thousands of motivated employees, VEVOR is dedicated to providing our customers with tough equipment & tools at incredibly low prices. Today, VEVOR has occupied markets of more than 200 countries with 10 million plus global members.

Why Choose VEVOR?

- Premium Tough Quality
- Incredibly Low Prices
- Fast & Secure Delivery
- 30-Day Free Returns
- 24/7 Attentive Service

Stainless Steel Construction

The thickened stainless steel construction makes this deep water well pump an excellent choice, putting your mind at ease by avoiding corrosion, rust, and breakage.

Install in No Time

You can install the deep well submersible water pump vertically or horizontally. Please immerse the pump completely in water to avoid long time idle running.

Designed with You in Mind

Our well pump is designed with heavy-duty impellers for extended service life and sling holes for wire/nylon rope. Double ball bearing and stainless steel rotor journal ensure low noise and wear resistance.

Large Flow & High Head Lift

This 1.5 HP submersible well pump features a large 37GPM flow and 276 ft high head lift, meeting all your water needs. The multiple filtration mesh ensures crystal-clear water.

Unstoppable Copper Motor

A copper motor with class F insulation provides strong power for our submersible water well pump. It has overload protection to prevent overheating and consume less energy.

Wide Application

Our deep well water pump is ideal for homes with a freshwater supply. It is also a great helper for farmland irrigation, mountainous water supplies, and draining water in cities, factories, railways, and mines.

Specifications

- Model: 4SSM5/8
- Material: Stainless Steel
- Power: 1.5HP/1100W
- Voltage: 115V/60Hz
- Max. Flow: 37GPM (140L/min)
- Max. Head: 276 ft/84 m
- Sand Resistant: <5%
- Pump Diameter: 4"/10.2 cm
- Discharge Size: 1-1/4" NPT (3.2 cm NPT)
- Electric Cord Length: 33 ft/10 m
- Impeller Stages: 8
- Max. Speed: 3450 r/min
- Work Temperature: 32°F-104°F/0°C-40°C
- Certification: ETL
- Waterproof Grade: IP68
- Insulation Class: F

Package Content

- 1 x Deep Well Submersible Pump
- 1 x External Control Box with US Plug
- 1 x 33 ft Electric Cord
