

FAQs

Farmhill Deck Box Planter

Model# **HDR-049517**

WHAT IS THIS PLANTER MADE OF?

Made up of to High Density Resin (HDR®) which combines resin and polymers for a durable, strong construction.

ARE THERE DRAINAGE HOLES?

Yes. This planter contains a drainage hole with a plug.

WHAT IS THE WIDTH OF THE BOTTOM?

The bottom width of the planter is 20.19 in.

WHAT PLANTS ARE IDEAL FOR THIS PLANTER?

Try growing petunias, angelonia, and sweet potato vine outdoors.

IS THIS SAFE FOR GROWING FRUITS AND VEGETABLES?

This product has not been tested for that purpose.

WILL THIS POT TAKE FREEZING TEMPERATURES?

It's important to drain your pot of all water before the onset of freezing temperatures. Make sure drilled drainage holes (whether built-in or drilled) are free from blockage so that water isn't captured inside your planter.

It's always helpful to protect pots and plants from freezing temperatures by covering them with towels, sheets, blankets, tarps, or cardboard.
