Elevate your filtration game with our pool filter balls, crafted from 100% premium polyester fiber. Our balls bring superior filtration performance, are compatible with various filter systems like sand filters, cartridge filters, and DE filters. Enjoy swimming in crystal clear water in no time!

Experience Unmatched Filtration Efficiency

With superior filtration accuracy, strong adsorption, and fast filtration speed, our pool filter balls provide impressive performance. Just 700 g of filter balls can replace 25 kg of traditional sand, making it an efficient and space-saving replacement.

Equipped With a Cleaning Net Bag

Enjoy Swimming with Your Family, Stress-Free

During Filtration:
keep filter balls from escaping the filter and avoid pump blockages

During Cleaning:
keep the filter balls securely in place, allowing for efficient cleaning without damage

The filter balls for swimming pools come with a cleaning mesh bag, designed to be used with the filter balls, avoiding any clogging in your filtration system. No need to worry about blockages, just hassle-free filtration and maintenance.

How to Choose the Right Amount of Filter Balls?

Container volume(m³)	Dosage (g)
1	60-70
5	300-350
10	600-700
20	1200-1400
40	2400-2800
70	4200-4900
100	6000-7000

Our pool filter balls for sand filter are highly elastic and designed for durability, with minimal wear over time. With proper maintenance, they can last anywhere from 6 months to a year. For optimal performance, we recommend replacing them as needed.
