

LUMBER COLOR

EXTENDED CARE SOLUTIONS

Below are some excellent ways to prolong lumber colors:

1. Keep your furniture covered

Both in and out of season, we suggest that you keep your furniture covered when not in use. You can also reduce exposure to direct sunlight by storing your furniture in a covered area. This can double the life of your furniture, minimizing fading over the lifetime of the product.

2. Utilize cushions

Cushions not only add color and comfort, but also prevent direct sunlight from hitting covered areas. We offer a wide range of cushions designed to form fit each individual piece.

CLEANING TIPS

To quickly clean your furniture, simply wipe down with soap and water.

For a deeper clean:

- » mix $\frac{1}{3}$ bleach and $\frac{2}{3}$ water solution
- » clean cloth
- » soft bristle brush

Wipe on solution with your cloth and let it sit on the lumber for a few minutes (this will not affect the color). Then, loosen any dirt and debris that may catch in surface grooves with a soft bristle brush; hose down to rinse.
