Detachable Nylon Grip Cover

Comfortable Cover

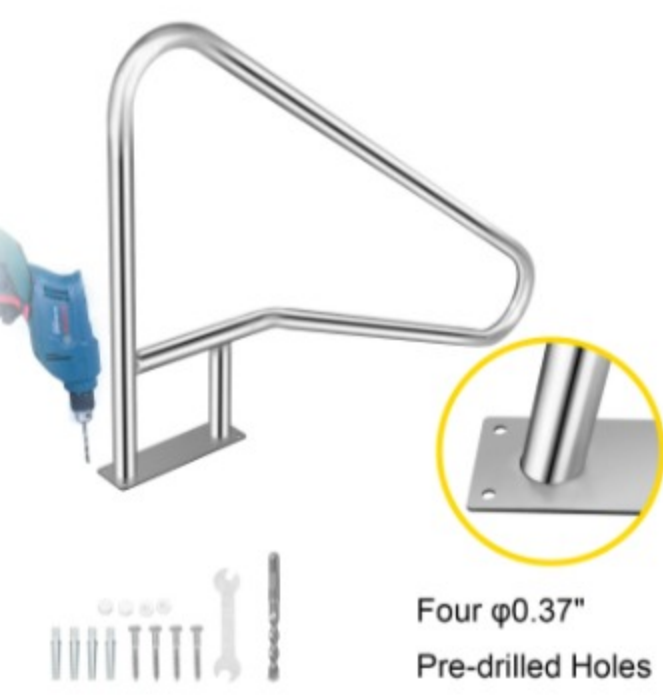

The elasticated nylon handrail cover is used to reduce the risk of falling. It also can keep the handrail away from hot in the summer.

Great Performance

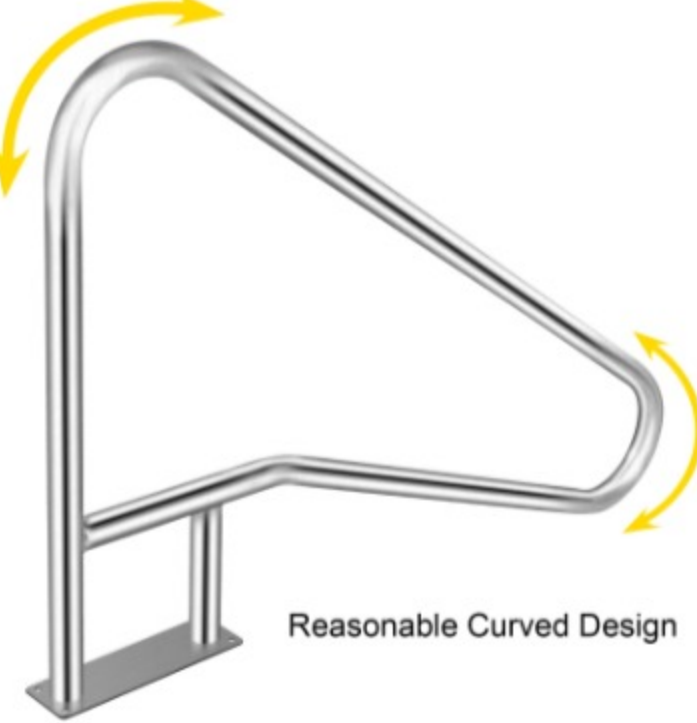

The pool safety handrail has a capacity of 250lbs for strong support. The rail is built with a baseplate of 4 mm thickness to fix it on the floor firmly.

304 Stainless Steel

The inground pool handrail is constructed with 304 high-strength stainless steel. It is not easy to deform and bend with a tube of 2 mm thickness.

Four $\phi 0.37''$
Pre-drilled Holes

Simple to Install

The handrail is easy to operate with four $\phi 0.37''$ pre-drilled holes. There are full kit accessories of the self-tapping screws and an M8 drill bit for you.

Humanized Design

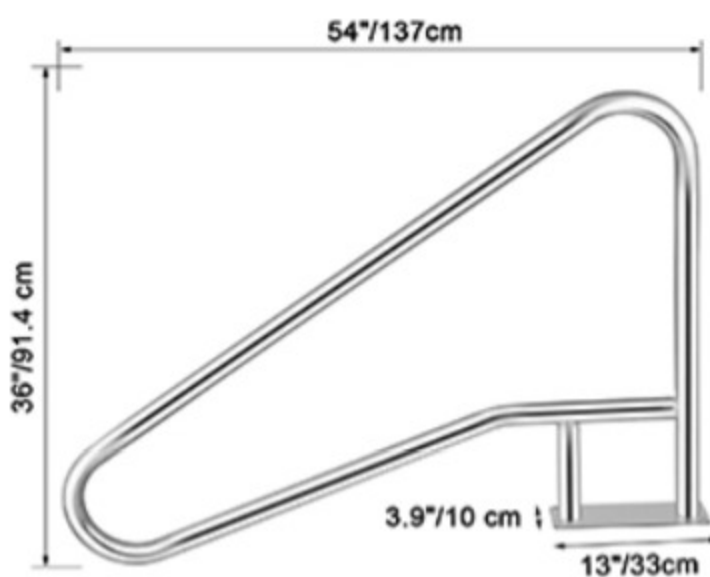

The pool rails for inground pool is designed with humanized curve for convenient grasp. It will give you a fabulous experience by decorating your swimming pool.

Multiple Functions

The spa handrail is the most cost-efficient choice for various places, which is suitable for swimming pool, sloped entry, spa, water park, etc.
