USING YOUR MARQUEE LIGHT BOX

1. Arrange your own unique message by sliding the included letters/numbers/etc. into each row on the front of the light box.
2. To turn your light box on...
 - a. Using Battery Power: Open the battery cover on the back of your light box. Insert 6 AA batteries as instructed in the battery compartment and close the cover.
 - b. Using USB Power: Connect the light box with the USB cable supplied with the unit. Connect the cable to a USB 5V power source.
3. Remove the battery insulation sheet on your remote control before using.
4. Press the ON button on your remote and the light box will begin to fade through its seven colors. From here you may select an LED color or pattern of your choice to customize your light box display.
