Earthgro® by Scotts® Red Mulch never uses pallet wood or construction debris which may contain nails or harmful chemicals.

**DIRECTIONS FOR USE:** Use around trees, shrubs, flowers, or vegetables. We recommend wearing gardening gloves when using this product. Some color fading of exposed material will occur due to natural product degradation. To optimize color, it is recommended to turn the top 1" of mulch every 3-4 months. For longest color, keep mulch dry for 24 hours after application.

**MODO DE EMPLEO:** Úsalo alrededor de árboles, arbustos, flores u hortalizas. Se recomienda el uso de guantes de jardinería al utilizar este producto. El material expuesto sufrirá cierta decoloración debido a la degradación natural del producto. Para optimizar el color, se recomienda revolver los primeros 3 cm de mantillo natural cada 3 o 4 meses. Para conservar el color más tiempo, mantenga el mantillo seco por 24 horas después de la aplicación.
