1. Product Overview

Congratulations on your purchase of the Amamoi Walk-In Greenhouse. This greenhouse provides a stable, protective environment for your plants, with shelves for organization and a PE cover for weather protection. Proper care ensures long-lasting performance and optimal plant growth.

2. Assembly Instructions

1. Unpack all components and verify against the included parts list.
2. Assemble the frame by connecting steel rods according to the manual diagrams.
3. Install shelves by sliding them onto the designated frame supports.
4. Attach the PE cover carefully, ensuring it fits over the frame without gaps.
5. Secure doors and windows with zippers and Velcro fasteners.
6. Check stability before placing plants inside.

Tip: One person can assemble this greenhouse, but assistance is helpful for aligning the cover.

3. Usage Instructions

- Planting: Arrange plants on shelves to ensure proper light exposure and airflow.
- Ventilation: Use roll-up doors and screened windows to regulate temperature and humidity.
- Lighting: Ensure adequate sunlight reaches all plants; avoid covering with opaque objects.
- Weight Limit: Do not overload shelves; maximum recommended weight per shelf is 33 lbs.

4. Cleaning and Maintenance

1. Regular Cleaning: Wipe the PE cover with a damp cloth and mild soap solution. Rinse with clean water.
2. Seasonal Care: Remove leaves, dirt, and debris to prevent mold and mildew buildup.
3. Frame Maintenance: Check metal joints periodically for rust or loose fittings; tighten as needed.
4. Winter Storage: If not in use, disassemble or cover greenhouse to protect against snow and strong winds.

5. Safety Precautions

- Keep away from open flames and heat sources.
- Avoid standing or climbing on shelves.
- Do not place heavy objects on the roof cover.
- Keep children and pets supervised around the greenhouse.

6. Troubleshooting

Issue: Doors difficult to zip | Possible Cause: Misaligned cover | Solution: Reposition cover and ensure zippers are straight

Issue: Frame wobbling | Possible Cause: Loose connections | Solution: Tighten all rods and joints

Issue: PE cover tearing | Possible Cause: Sharp objects | Solution: Keep sharp tools away; repair small tears with tape

7. Warranty and Support

Amamoi provides a limited 1-year warranty covering manufacturing defects. For assistance, contact our customer service at support@amamoi.com or call 1-800-XXX-XXXX.
